Bill,

These new approvals are just littering my desk ...

EASA STC EASA.IM.R.S.01335 has been issued for the larger R44 bearpaws and to add the R44 II.

Kim J.

Per the email trail below, EASA has amended the STC as I requested.

Please release the attached STC rather than the hardcopy you received about a week ago.

Thanks,  
David

Franziska,

Thank-you for the attached approval.

Would it be possible for the approval to be re-issued to refer to "or later approved revisions" of both the IIN and ICA?

This might reduce the number of revisions that are required to the approval in the future.

Thanks,  
David
